

Guy Live

Guy Live has been entertaining since he was 13 years old, from Texas to the West Coast. He now resides in Columbia County where his family has resided since Trojan Nuclear Power Plant days. Guy is a musician and magician, but mostly just plain fun! He has a knack for making any event a better time and more memorable, from a company picnic, birthday, to even a funeral!

Ray Prestegard

You can find Ray playing up and down the coast his music loved by everyone that hears it.

Ray brings Banjos, Ukeleles, Guitars and Harmonicas all to the stage, with his own blend of original songs. Including hits by well known artists such as Johnny Cash, Willie Nelson and Neil Young.

Greg Park

Greg Parke has delighted audiences with his music and spontaneous humor for most of his life. Greg's musical style

has been described as a fusion of modern folk, rock, country and adult alternative, and this is a fairly accurate description. One song might be an original haunting ballad about an old sailor at sea, followed by a well known rock and roll hit, and then move on to *Faded Old Flag*, a song he wrote as a "thank you" to our soldiers serving all over the world.

Hailey Verhaalen

Hailey's passion for music has driven her since she stepped in front of her first big audience at a third grade talent show. Since those early school days, Hailey has performed at Oregon's biggest rodeos, on center court at a Portland Blazer game and at numerous benefits and festivals. Along with being a gifted, natural singer, Hailey's ability to weave her experiences into tightly crafted, catchy songs lifts her above the norm of today's it-all-sounds-the-same pop country. When she's not playing music, or studying to complete her degree in Social Sciences from Western Oregon University, you will find Hailey out in nature; hunting, riding quads or just kicking it with friends and family up in the mountains and around the campfire. Hailey Verhaalen is an authentic talent whose inner flame shines bright, and a young woman with deep, family roots that keep her grounded, heart-driven and full of excitement for a promising, musical future.

Lulu Lafever

Celebrating 20 Years of Soulful Roadhouse Swing, Jazz & Blues! Award winning singer songwriter and Grammy member. Lulu has been compared to Ella Fitzgerald, Bonnie Raitt, and Cindy Lauper. Her songwriting has the sizzle of pop jazz and the fun of juke joint swing. Lulu's sultry blues brings it all home. Lulu LaFever and the Hot Tamales have opened for Big Bad Voo Doo Daddy and Willie Nelson. Lulu is writing the cover songs for future generations, and most definitely has a style all her own. Lulu also works with "at risk" youth, using music as a vehicle to drive home her belief that there is an artist light in everyone and that light can change the world. As a songwriter and composer Lulu creates new boundaries in the world of music. Lulu is a 1994 grant recipient as a singer/songwriter from the Oregon Coast Council for the Arts.

Candy O – Cars Tribute Band

Cars Tribute Band was formed in late 2010 to realize the vision of creating a worthy and mesmerizing tribute to The Cars. Lead singer and front man Randy (formerly of IOU) reunited with his old band mate Rob, a skilled, experienced drummer. In 2013, guitarist John was added. John's insightful combination of solid lead guitar is an amazing likeness to Elliot Easton. Mike was then added and his talented keyboard skills and super theory has highlighted Candy-O's uncanny likeness to that of The Cars. Filling out the lineup,

Candy-O is sponsored

Let the Good Times Roll

bassist Don upped the ante and plays the Benjamin Orr role with trademark bass guitar rhythms. Candy-O, Cars Tribute Band breathes tone and accuracy into every song, with spot on delivery of all The Cars' radio hits as well as many other timeless album cuts. Candy-O is the complete experience of The Cars' live performance in every way; the look, the sound, the energy and the vibe.

Ramble On – The most popular Led Zeppelin tribute band

Ramble On is Portland's most popular Led Zeppelin tribute. Lead singer Rich Ray NAILS the high tenor vocals made famous by Robert Plant, with all the power and soul one would expect from seeing Led Zeppelin their prime. Virtuoso axe man Steve Adams plays the part of Jimmy Page to perfection, complete with the double-neck guitars, violin bows, and ripping solos. Patrick Lefebvre does double duty on bass and keys, a la John Paul Jones, while drummer Merrill Hale anchors the rhythm section with master chops and an authentic set of Ludwig Vistalites to boot!

Days in the Park

Rainier OR.

**Thursday 9th
8:30 PM**

Time: Fun starts at **8:30 PM** at the Main Stage

A Free Movie in the Park on Thursday July 9th
